PROFILE INFO

I am an aspiring engineer who has just completed Grade 12 and am currently upgrading my grades. I am a hard worker seeking an opportunity to showcase my abilities and strengths in an engineering environment. Through my academic journey, I have developed strong time management and communication skills, and I am recognized as a team player who is computer literate. I am eager to apply my dedication and skills to contribute positively to your organization while continuing to learn and grow in the engineering field.
