Date: May 2, 2026

TO WHOM IT MAY CONCERN,

It is with immense pleasure and unwavering confidence that I, the Registrar, on behalf of the Training Board of the **International Cybersecurity and Digital Forensics Academy (ICDFA)**, formally recommend **SHIRIZANE MAGADLA** (Registration Number: 2025/GRC/10280) for advanced professional opportunities or further academic pursuits.

SHIRIZANE MAGADLA has successfully completed the rigorous 12 Months **GRC Engineering (CGRCE)** Programme at ICDFA. This intensive training cycle is designed to cultivate elite professionals capable of addressing high-level challenges in the global cybersecurity landscape.

Throughout the duration of the programme, **SHIRIZANE MAGADLA** demonstrated exceptional dedication, technical discipline, and a profound grasp of both strategic frameworks and practical implementations. The curriculum encompassed advanced competencies relevant to **GRC Engineering (CGRCE)**, culminating in comprehensive performance-based evaluations and final projects.

A significant hallmark of our programme is that the exclusive medium of instruction and assessment is English. All lectures, advanced course materials, practical laboratory sessions, and final examinations were conducted entirely in English. Consequently, **SHIRIZANE MAGADLA** has demonstrated superior proficiency in communicating complex technical and strategic concepts within a professional English-speaking environment.

With an overall final training grade of **HIGH DISTINCTION**, **SHIRIZANE MAGADLA** has validated their capability and readiness for critical roles in the industry. We are confident that their expertise, professional demeanor, and analytical approach will make them an invaluable asset to any organization.

The Registry stands ready to provide further verification or information as may be required via registrar@icdfa.edu.ng.

Sincerely,

Dr. Zaharaddeen Idris

Registrar

International Cybersecurity and Digital Forensics Academy (ICDFA)
