

Developing Foundational Security Policies

Project Overview

You've recently joined **FinSec**, a fictional mid-sized financial institution based in Nigeria. The bank is expanding its digital services and must meet strict cybersecurity, data protection, and compliance requirements as outlined by Nigerian regulators such as the **Central Bank of Nigeria (CBN)**, the **Nigeria Data Protection Commission (NDPC)**, and industry frameworks like **ISO/IEC 27001:2022**.

Your role is to help lay the foundation of the organization's Information Security Strategy by developing essential security policies that protect customer data, reduce operational risks, and support compliance with national laws and international standards.

Objectives

- Understand how to design security policies that meet the operational and regulatory needs of a financial institution in Nigeria.
- Translate security and privacy principles into clear, enforceable policy language.
- Align policies with **CBN cybersecurity requirements**, the **Nigeria Data Protection Act (NDPA 2023)**, and **ISO/IEC 27001:2022**.

Deliverables

You are expected to submit the following:

1. Three Information Security Policy Documents

Each should include:

- Purpose and scope
- Roles and responsibilities
- Policy rules/guidelines
- Enforcement and exception handling
- Applicable Nigerian regulations and ISO controls

2. One Summary Document (1–2 pages)

Explaining:

- Why you chose each policy
- Which regulations and ISO controls they align with
- How the policies help manage risk and ensure compliance

Suggested Core Security Policies (Pick Any 3 to Write)

Choose **three** from the list below:

Policy Name

- 1. Information Security Policy**
- 2. Access Control Policy**
- 3. Data Classification & Handling Policy**
- 4. Acceptable Use Policy (AUP)**
- 5. Incident Response Policy**
- 6. Vendor and Third-Party Risk Policy**
- 7. Cryptography Policy**
- 8. Business Continuity and Disaster Recovery Policy**
- 9. Network Security Policy**
- 10. Remote Access and Mobile Device Policy**
